

COVID-19: Post-hospitalisation follow-up study

(PHOSP-COVID Study)

Withdrawal Form

Thank you for previously agreeing to participate in this study.

This form provides details of what to do should you decide to withdraw from this study or if you are acting on behalf of a participant who decides to withdraw. We would like to thank you for your participation so far.

If you or the participant that you are acting on behalf of, withdraw from the study, we will keep the information about the participant and samples that we have already obtained. To safeguard the participant's rights, we will use the minimum personally-identifiable information possible.

Please contact the local study team using the details below, and inform them if you or someone you are acting on behalf of, wish to be withdrawn from the study. Please feel free to ask us if you have any questions.

Participants can withdraw from one or more of the following:

1. Completing the Electronic Questionnaires (True Colours).
2. Attending additional research visits or provide additional research samples or information.
3. Contact/communications about other research.

NB. Despite withdrawing from any or all of the above, we would like to remind participants that data from healthcare records will still be accessed and used for the study.

or

4. Withdraw from the whole study, and no longer be contacted about the research or asked to provide additional samples or information. Healthcare records will no longer be accessed by the study team. This means that involvement in the study has ended.

Please contact your local study team using the details below:
